KEUPER KIDS PROSPECTUS

Mission: Keuper Kids aims to work together to build a foundation that we adults once had as children through fun and play.

Vision: To imbibe moral, social and religious values in children so that they can recall the best times of their life in a fast moving world.

About the Chairman: Mr George Varughese John, Founder and Chairman of Keuper Kids is a visionary in the field of education.

A self-made man he started his career from scratch at the age of 25. In the span of 20 years, his concentrated efforts and determination to do well in life has made him scale new heights. But success in business was not enough for him. His heart yearned to follow a higher dream and this preschool is just a beginning of that dream.

About the Principal: Mrs Bini George, Principal of Keuper Kids is a lady with a passion for teaching.

Born and brought up in Dubai, she completed her basic education in a CBSE school in Dubai. Later she completed her Masters in Arts and her B.Ed in English from the University of Kerala. She has also worked with the Ministry of Education, Kuwait for 6 years. She worked as the Principal of an upcoming CBSE school in Bangalore. Keuper Kids is the result of her dream of a school that is dedicated to teaching and learning to its true meaning.

Our Aim: At Keuper Kids we strive to create a warm and stimulating environment where learning is fun. We encourage children to work and play and to cooperate independently in group situations. We also encourage children to improve their vocabulary, to listen, talk and respond as well as to develop writing and literary skills. Children are taught to respect all living things to their full potential and all children are treated equally with love and respect, irrespective of their religion, caste or creed. All play activities and resources are designed to meet the individual needs of your child.

Age Group:

Preschool/ Playgroup -	2 - 3 years
Nursery	- 3 – 4 years
JK – 1	- 4 – 5 years
JK – 2	- 5 – 6 years
Grade 1	- 6 – 7 years

Children must fulfil the minimum age requirement as on 1st July of the year in which Age Group admission is sought.

Our Working hours –

The Play School functions five days a week, Monday to Friday, from 8:30am to 2:30pm.

Play Group hours are from 8:00 am to 6:00 pm, however this will start only on the basis of demands from parents.

Our Curriculum:

Language Development

Early Mathematical Experience

The World around us

Arts

Physical Development and Movement

Personal, Social and emotional Development

Activities: Reviewing the past and observing the present, Keuper kids also aims to develop a child completely through the different levels of development like:

Motor Skill development – Children pick up their first motor skills through basic exercise ie crawling, walking, running and jumping. Some of our toys also help improve hand-eye coordination, concentration and patience.

Balance Co-ordination – The development of cerebral cortex is crucial to children's motor coordination and learning ability. Our toys not only enhance children's sense of balance and coordination, but also give them lots of fun!

Tactile Perception – Sense of touch is the fundamental element of sensory reactions. It is essential for learning ability and emotional intelligence. The protruding textures on the top of our toys stimulate user's soles and help physical development.

Creative Play Interaction – The development of creativity as well as peer interaction are crucial for children. Our toys try to promote self – confidence in young children through construction, imagination, creative displays and teamwork.

Lacing – It helps to develop hand-eye coordination and enables them to gradually do their own task of putting on their shoes.

Splash Pool – Children learn to overcome their fears of water and to enjoy themselves.

Music – Music and songs are unique forms of communication that may change the way we feel, speak and act.

Our Staff – We have a team of highly dedicated and professional teachers. They are qualified, enthusiastic and dynamic enough to create a homely and friendly atmosphere for the children to express themselves and learn. Our teachers are here because they love teaching and they love kids.

Infrastructure - Building specifically designed or built up for play school with Colourful, Spacious and Air – Conditioned Classrooms, Sleeping Room, Activity Room, Holistic Development Area, and Play Area

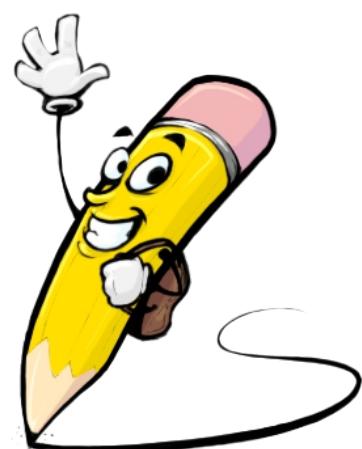

Equipment - Interactive boards in classrooms, CCTV Surveillance, Splash pool, Music Instruments, Imported toys, Wooden Puzzles, Educational Toys, Rides, Basket Ball, Bed for kids etc..

Meals & Snacks - Keuper Kids makes snacks and meals a social time at which children and adults eat together. Parents are advised to provide a mid-day meal and snack for their child that is healthy and nutritious, as well as drinking water. If you wish your child to have the snack with a drink of milk or water we provide, then please let us know. No crisps, sweets or chocolate please.

Allergies - If your child has an allergy to any food, staff must be informed. We do not allow children to share food from their lunchboxes, but to protect those children with allergies; please do not pack any nuts or nut products.

Toiletries and Changes – Nappies and toiletries should be provided by the parents. For older children '**POTTY TRAINING**' is a must. We request for a spare set of clothes in case of the 'odd accidents' occurring. Toilet accidents and water spills do happen to even the most careful child. Please send a complete change of clothes, including underwear and socks every day. Please label everything the child carries to school, with large bold permanent markers.

A Final Note to Parents – Transition from home to school for a child can take time. A child who is tense or unhappy will not be able to play or learn properly, so it is important for parents and pre-school staff to work together to help the child to feel confident and secure in the group. This may take longer for some children and parents should not feel worried if their child takes a while to settle down. Parents are free to ask any questions till they become familiar with the routine.

"LET MY TEACHING FALL LIKE RAIN AND MY WORDS
DESCEND LIKE DEW, LIKE SHOWERS ON NEW GRASS, LIKE
ABUNDANT RAIN ON TENDER PLANTS."
